### GPSBM

OEM shark fin styling

GPS, 2G/3G/4G cellular & 2.4 / 4.9-6GHz in one housing

Heavy duty design for optional VHF or UHF whip

Magnetic mount

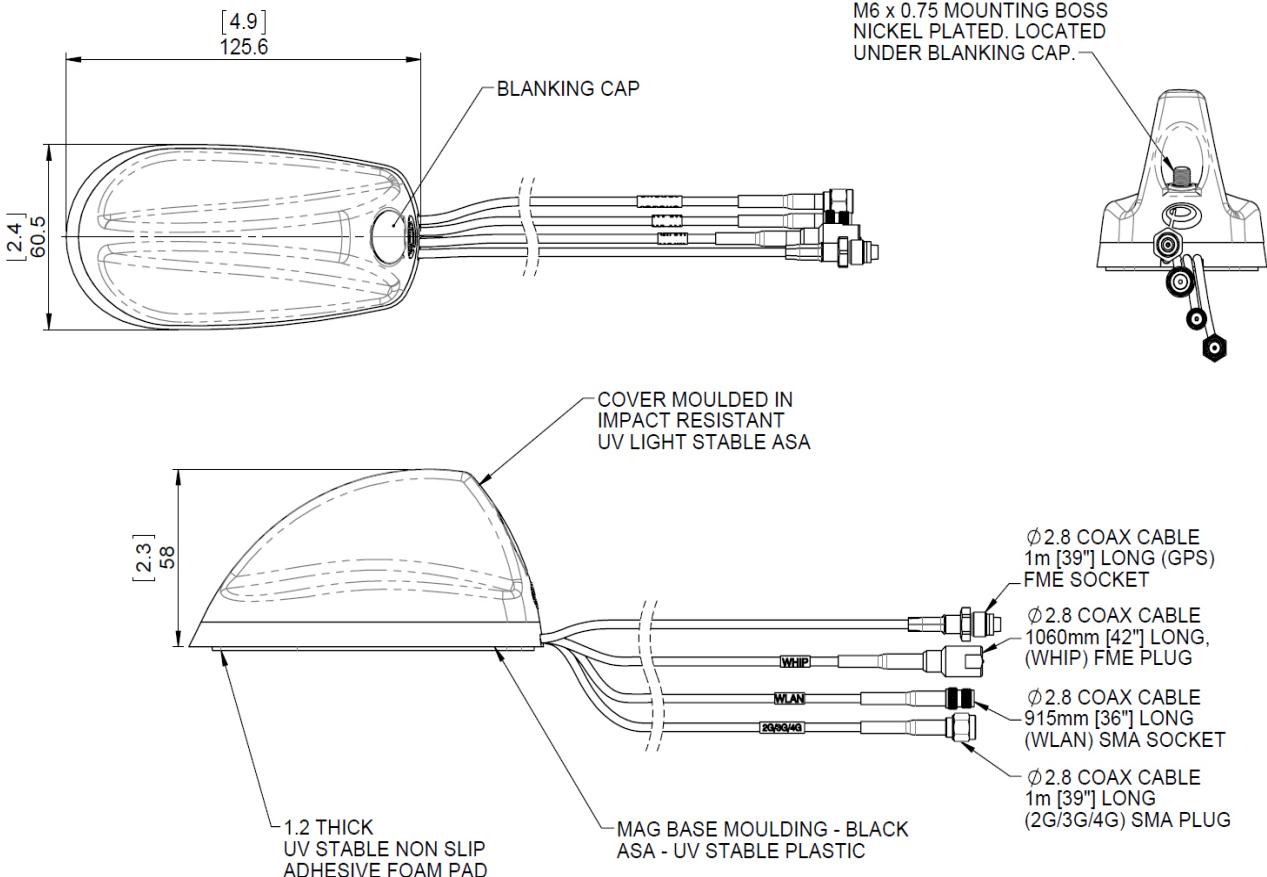

The GPSBM provides antenna coverage for multiple technologies within one antenna housing. Trusted by public safety, utilities and transportation companies all over the world the GPSBM sets the industry standard in functionality.

The GPSBM offers three internal antenna systems, GPS, 2G/3G/4G cellular, dualband WiFi/WiMAX and an optional whip mounting for VHF or UHF whips. The OEM shark fin style design provides multiple antenna functions while remaining discreet.

The GPSBM is suitable for the public safety (covert and discreet), industrial and transportation sectors, where a cost effective, efficient and robust antenna is essential to the application.

With a heavy duty magnet mount base, the GPSBM can be installed without any damage to the vehicle, making it perfect for drive testing or temporary fits.
